SECTION 1: CAPABILITIES LISTING 1-19

Swift Avionics Services Inc. DBA AERONATE
20851 Johnson St. Suite 109 Pembroke Pines FL33029

FAA Certified Repair Station # 2SVR294B

CAPABILITIES LISTING

Only those components listed in this accepted FAA Capability List will be approved for return to service and any new component/s will not be approved for return to service until a new Capability List is accepted in accordance with 145.209 (d)(1) and 145.215(c). The revised Capability List will be submitted to the FAA for acceptance within seven calendar days after any future revision. Revisions to the Capability List will be indicated by a black mark in the left margin.

Manufacturer	Part Number	Description	Model	Scope of Maintenance

CAPABILITIES LISTING

Only those components listed in this accepted FAA Capability List will be approved for return to service and any new component/s will not be approved for return to service until a new Capability List is accepted in accordance with 145.209 (d)(1) and 145.215(c). The revised Capability List will be submitted to the FAA for acceptance within seven calendar days after any future revision. Revisions to the Capability List will be indicated by a black mark in the left margin.

CAPABILITIES LISTING

Only those components listed in this accepted FAA Capability List will be approved for return to service and any new component/s will not be approved for return to service until a new Capability List is accepted in accordance with 145.209 (d)(1) and 145.215(c). The revised Capability List will be submitted to the FAA for acceptance within seven calendar days after any future revision. Revisions to the Capability List will be indicated by a black mark in the left margin.
